

Axis Reports Record First Quarter Results

November 30, 2016 – Toronto, Ontario – Axis Auto Finance Inc. (“Axis” or the “Company”), ([TSXV: AXS](#)) an alternative lender servicing the Canadian used vehicle market, announced today financial results for the quarter ended September 30, 2016. This is the first quarter of fiscal 2017 for Axis and the first quarter of consolidated reporting post completion of the Reverse Take-Over in July 2016. The comparative prior period figures pertain to the private company Axis Auto Finance, recorded before completion of the RTO.

HIGHLIGHTS

- Record revenues of \$1.5 million for the quarter compared to \$0.6 million in the first quarter of fiscal 2016;
- Record lease receivables balance of \$18.6 million at the end of the quarter compared to \$15.4 million as of June 30, 2016;
- Record loan originations of \$5.2 million compared to \$2.8 million in the first quarter of fiscal 2016;
- Average portfolio yield of above 30%
- Annualized loss rate at 6.05% of the average lease receivables balance

Revenues of \$1.5 million for the quarter increased 129% from the revenues of \$0.6 million for the comparative period in fiscal 2016, consistent with the portfolio growth. First quarter revenue equated to an annualized revenue run-rate of \$5.9 million, compared to \$3.6 million reported for the 2016 fiscal year.

Loan originations for the quarter were \$5.2 million, an 85% increase from \$2.8 million in Q1 of fiscal 2016. On an annualized basis originations are consistent with management’s growth objectives.

The annualized loss rate for the quarter was 6.05%, well within the management expectation of a loss rate that can fluctuate between 5-10%. The loss rate for Q1 2016 was 7.01%.

The average portfolio yield was 34.68%, compared to 32.81% in fiscal 2016 and consistent with the management objective to maintain the average yield on its lease receivables portfolio above 30%.

Lease receivables at the end of the quarter were \$18.6 million, an increase of 21% from \$15.4 million at June 30, 2016.

Net loss for the quarter was \$96,117, or \$0.002 per share, resulting primarily from non-cash expenses being the provision for credit losses of \$451,102 and stock based compensation of \$218,580.

About Axis Auto Finance

Axis provides non-standard financing options targeting roughly 30% of Canadians (Source: Equifax) that do not qualify for traditional bank-type financing for their used vehicle purchase. Through personalized service and a commitment to building strong, long-lasting relationships with dealer partners, Axis continues to be one of Canada's fastest-growing auto-financing companies.
